

Mercedes-Benz Vans 2016

Mercedes-Benz
Vans. Born to run.

The journey toward excellence.

We started this journey 120 years ago, and we've lead the way ever since. More than a century of driving quality, fuelling innovation, and surpassing standards. It has made us what we are today – the strongest brand in the commercial van industry. At Mercedes-Benz, we don't just make work vans. We make award-winning work vans. Vans recognized for their value, receiving the Best Fleet Value award¹ in Canada four years in a row. Vans recognized for their quality, claiming Best Retained Value awards² six years in a row. And we're still making strides. Building upon our heritage and our experience. Because we know that when you're out in front, you can't stop moving forward.

Best Fleet Value Award
2015 / 2014 / 2013 / 2012

A lineup like no other.

Now, our Mercedes-Benz family is more versatile than ever. The full-size Sprinter for maximum space, capacity, and efficiency. The rugged, go-anywhere Sprinter 4x4 for maximum traction. And the mid-size Metris for maximum manoeuvrability. With Mercedes-Benz heritage and innovation at its core, it is without a doubt the strongest lineup in the commercial van industry.

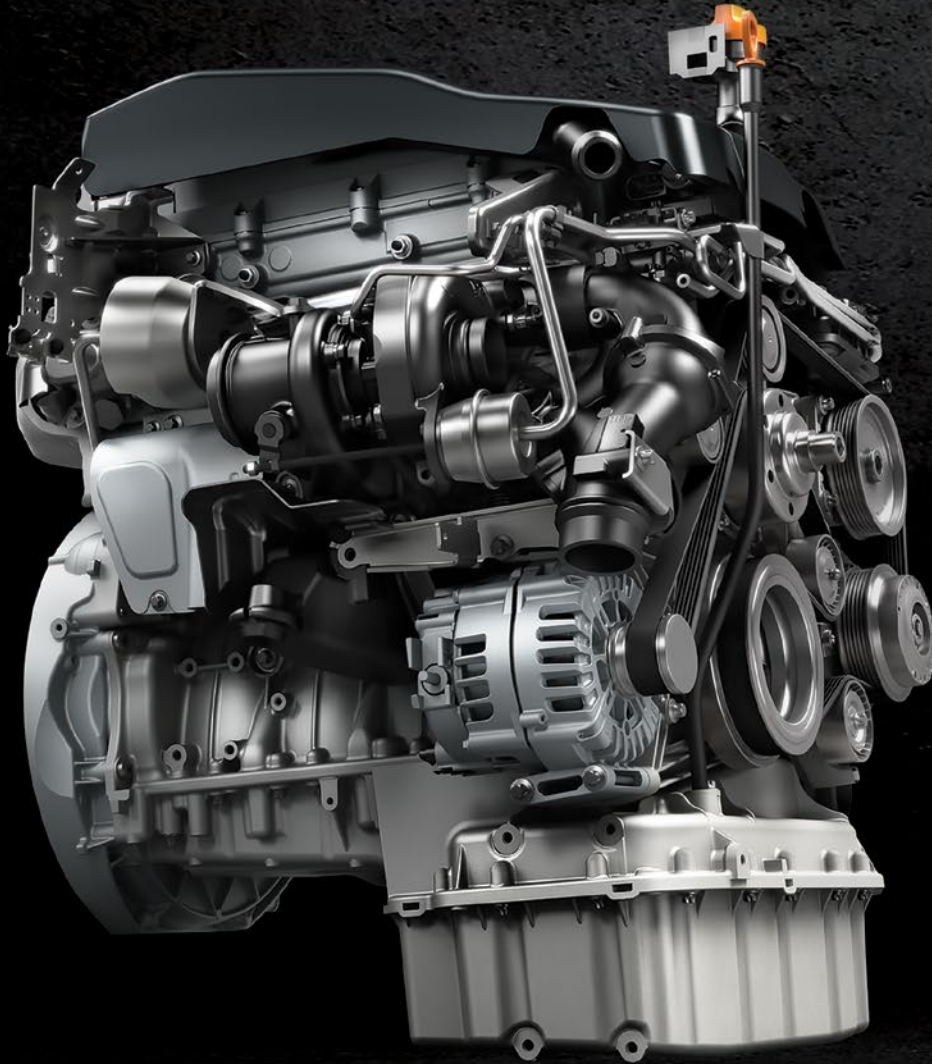

A smaller addition to a big family.

An innovation doesn't have to be big, to make a big impact. And we're expecting huge things from the latest addition to the Mercedes-Benz family — the All-New Metris, Canada's only mid-size commercial van.

The demands of the job.

New day. New challenges. Our vans come stacked with features that help you meet the demands of every job.

Efficiency

With the most advanced powertrains available, extended maintenance intervals, and available in the world's first SULEV-certified clean diesel engine option, nothing works more efficiently than a Mercedes-Benz.

- DIESEL POWERTRAIN

The Sprinter's 2.1 L, 4-cylinder, 2-stage turbocharged BlueTEC diesel engine³ is the most efficient, cleanest-burning diesel engine available, delivering 161 hp/265 lb-ft of torque. When more power is needed, our 3.0 L, V6 turbocharged BlueTEC diesel engine³ produces 188 hp/325 lb-ft of torque.

- GASOLINE POWERTRAIN

Big power comes in a small package, as the Metris' incredibly capable and efficient 2.0 L, 4-cylinder turbocharged gas engine delivers 208 hp/258 lb-ft of torque.

- MAINTENANCE INTERVALS

With impressively high maintenance intervals, our reliable vans are engineered to extend time needed between servicing, saving you time and money.

- SULEV

We're the only manufacturer in the world to offer a Super Ultra Low Emission Vehicle (SULEV)-certified diesel engine. By optimizing the combustion and exhaust systems, the SULEV-certified engine exceeds even the lowest emission standards, giving you a cleaner ride.

Safety

With a variety of standard and optional safety features, our vans are some of the safest commercial vehicles on the road.

- **ADAPTIVE ESP^{®4} WITH ESP[®] TRAILER ASSIST**

Provides maximum stability during wheelspin, understeer, or oversteer events.

- **COLLISION PREVENTION ASSIST⁵**

Radar-based system that triggers a series of split-second actions in order to prevent rear-end collisions.

- **BLIND SPOT ASSIST⁶**

Detects hidden traffic on either side of the vehicle and alerts the driver if the turn signal is activated.

- **CROSSWIND ASSIST⁷**

Helps maintain control in windy conditions by detecting strong wind gusts.

Functionality

From the spacious Sprinter to the agile Metris, our vans are built for work. They carry more. Haul more. And do more than any other vans in their classes. It all adds up to more space, more convenience, and more productivity. And with Canada's only 4x4 commercial van, nothing will ever stand between you and the job.

Comfort

Comfort and Mercedes-Benz go hand in hand. And when you get behind the wheel, you'll experience it for yourself. An ergonomically designed cab, easy-to-use control panel with a 14.7 cm (5.8 in) colour screen, standard Bluetooth[®], USB input, and 2 different seat options – comfort or suspension. With driving assistance features like PARKTRONIC working to make manoeuvring a breeze, it's no wonder why our vans are such a pleasure to work with.

Mertris Cargo Van

Smaller than a full-size van. Bigger than a compact van. The All-New Mercedes-Benz Metris gives you the room you need to work, when room to work is limited. As Canada's only mid-size work van, it easily navigates narrow back alleys and underground garages, with your cargo fully loaded to go.

Highlighted Features

- Tight Turning Radius: 11.8 m (38.7 ft)
- Overall Length: 514.1 cm (202.4 in)
- Overall Height: 189 cm (74.4 in)
- Cargo Volume: Up to 5.27 m³ (186 cu ft)
- Payload Capacity: Up to 1,135 kg (2,502 lbs)
- 2.0 L, 4-cylinder turbocharged gas engine

Metris Passenger Van

Comfort and safety team up in this passenger van. The Metris delivers peace of mind for your drivers, comfort for your passengers, and cost savings for your business. With seating for up to 8 people, the Metris features exclusive safety technology like Blind Spot Assist⁶ and COLLISION PREVENTION ASSIST⁵, so you can deliver a first-class experience that can't be matched.

Highlighted Features

- Seats up to 8
- Tight Turning Radius: 11.8 m (38.7 ft)
- Overall Length: 514.1 cm (202.4 in)
- Overall Height: 191 cm (75.2 in)
- Cargo Volume: Up to 1.06 m³ (37.4 cu ft)
- Payload Capacity: Up to 850 kg (1,874 lbs)
- 2.0 L, 4-cylinder turbocharged gas engine

Fits your needs.

Not only can the Metris fit tight work environments, it can fit all of your business' unique needs as well. With a number of accessory options, add-ons, and colour choices, your Metris can be tailored to your own personal preferences.

*Special/Metallic paintwork is available as an option.

Sprinter 2500 Cargo Van

At up to 16.6 m³ (586.1 cu ft), the Sprinter 2500 Cargo Van gives you more cargo volume than any other van in its class. It's the van you call on when you need every centimetre of space you can get. And the Sprinter Cargo Van makes loading easy with a comfortable step-in height, low load height, and extra-wide front and rear door openings.

Available Models

- 2500 Standard Roof 144" WB
- 2500 High Roof 144" WB
- 2500 High Roof 170" WB
- 2500 High Roof 170" WB EXT
- 2500 Super High Roof 170" WB
- 2500 Super High Roof 170" WB EXT

Highlighted Features

- Maximum Available GVWR: 3.88 t (8,550 lbs)
- Best-In-Class Interior Height: Up to 221.7 cm (87.3 in)
- Best-In-Class Cargo Bed Length: Up to 492.5 cm (193.9 in)
- Best-In-Class Cargo Volume: Up to 16.6 m³ (586.1 cu ft)
- Payload Capacity: Up to 1,593 kg (3,513 lbs)
- Side Door Opening: Up to 182.1 cm (71.7 in) H x 130.1 cm (51.2 in) W
- Rear Door Opening: Up to 183.9 cm (72.4 in) H x 156.5 cm (61.6 in) W
- Partition Variants: full, with window, with sliding window, or with sliding door
- Crew Van package available
- Turbocharged BlueTEC diesel engine: 2.1 L, 4-cylinder, or 3.0 L, V6

Sprinter 3500 Cargo Van

This workhorse was made to carry the load. The dual-wheel Sprinter 3500 Cargo Van delivers a Best-In-Class Payload Capacity up to 2,498 kg (5,508 lbs), as well as a Best-In-Class Cargo Volume up to 14.6 m³ (516.5 cu ft). Available in 2 GVWRs, 2 roof heights, and 3 cargo lengths, the Sprinter 3500 Cargo Van offers the right solution for any task.

Available Models

3500 High Roof 144" WB

3500 High Roof 170" WB

3500 High Roof 170" WB EXT

3500 Super High Roof 170" WB

3500 Super High Roof 170" WB EXT

Highlighted Features

- Maximum Available GVWRs: 4.49 t (9,900 lbs) and 5 t (11,030 lbs)
- Best-In-Class Payload: Up to 2,498 kg (5,508 lbs)
- Best-In-Class Interior Height: Up to 221.7 cm (87.3 in)
- Best-In-Class Cargo Bed Length: Up to 492.5 cm (193.9 in)
- Best-In-Class Cargo Volume: Up to 14.6 m³ (516.5 cu ft)

- Rear Door Opening: Up to 183.9 cm (72.4 in) H x 156.5 cm (61.6 in) W
- Partition Variants: full, with window, with sliding window, or with sliding door
- Available heavy-duty suspension packages
- Turbocharged BlueTEC diesel engine: 2.1 L, 4-cylinder, or 3.0 L, V6

Sprinter 2500 Passenger Van

For your shuttle, taxi, or touring business, no other full-size van can match the comfort, safety, and efficiency of the Sprinter Passenger Van. With room for up to 12 people, ample head room, and available electric step at sliding door, you can offer your passengers first-class treatment. And with up to 5.4 m³ (190.3 cu ft) of cargo volume, you'll also have plenty of room for luggage and payload.

Available Models

2500 Standard Roof 144" WB
2500 High Roof 144" WB
2500 High Roof 170" WB

Highlighted Features

- Seating for up to 12 people
- 3 and 4-seater benches for the passenger compartment
- Cargo Volume: Up to 5.4 m³ (190.3 cu ft)
- Payload Capacity: Up to 1,319 kg (2,907 lbs)
- Maximum Interior Standing Height: Up to 191.8 cm (75.5 in)
- Step-in Height: As low as 49.5 cm (19.5 in)
- Auxiliary heater and rear air-conditioning available (front air-conditioning comes standard)
- Turbocharged BlueTEC diesel engine:
2.1 L, 4-cylinder, or 3.0 L, V6

Sprinter 4x4 Cargo Van

Construction sites off the beaten path. Snow-covered delivery route. Jobs that require maximum power and traction. They're no match for the Sprinter 4x4 Cargo Van. Activated at the push of a button, the Sprinter 4x4 uses 4ETS to electronically control individual wheels, instantly providing ground-gripping power. And when conditions call for maximum traction, engaging the Sprinter 4x4's low-range helps navigate steep grades, tow and manoeuvre heavy trailers, and negotiate difficult off-road terrain.

Available Models

2500 Standard Roof 144" WB 4x4
2500 High Roof 144" WB 4x4
2500 High Roof 170" WB 4x4
2500 High Roof 170" WB EXT 4x4
3500 High Roof 144" WB 4x4
3500 High Roof 170" WB 4x4
3500 High Roof 170" WB EXT 4x4

Highlighted Features

- Payload Capacity: Up to 2,358 kg (5,199 lbs)
- Interior Height: Up to 197.6 cm (77.8 in)
- Cargo Volume: Up to 15 m³ (530 cu ft)
- 3.0 L, V6 turbocharged BlueTEC diesel engine
- Crew Van package available

** 3500 models are not available in GVWR 4,49 t (9,900 lbs) variant.*

Sprinter 4x4 Passenger Van

Passenger safety is your top priority – and ours. There's no question that Mercedes-Benz engineers some of the most advanced safety systems in the world. The Sprinter 4x4 Passenger Van is the only commercial passenger van designed to navigate even the toughest weather, loaded with exclusive features you'll only find from Mercedes-Benz.

Available Models

2500 Standard Roof 144" WB 4x4

2500 High Roof 144" WB 4x4

2500 High Roof 170" WB 4x4

Highlighted Features

- Payload Capacity: Up to 1,190 kg (2,625 lbs)
- Interior Height: Up to 191.8 cm (75.5 in)
- Maximum Seating Capacity: Up to 12

Sprinter 3500 Cab Chassis

Transform the Sprinter Cab Chassis into the solid work solution that meets the demands of your business. The Cab Chassis delivers power, quality, efficiency, safety, and the flexibility to do whatever you need it to do. From heavy-duty service bodies to refrigerated box trucks, this Sprinter is a blank canvas for you to create the ultimate work vehicle.

Available Models

- 3500 Standard Roof 144" WB
- 3500 Standard Roof 170" WB

Highlighted Features

- Maximum Available GVWR: 5 t (11,030 lbs)
- Payload Capacity: 2,903 kg (6,401 lbs)
- Maximum Available GCWR: 6,917 kg (15,250 lbs)
- Cab To Axle: Up to 282.5 cm (111.2 in)
- Maximum Seating Capacity: Up to 3
- Turbocharged BlueTEC diesel engine: 2.1 L, 4-cylinder, or 3.0 L, V6

Built to your specs.

Equip your Sprinter to meet your business needs. Select from a number of accessory options, including sidewall and floor lashing rails, electrical connectors for bodybuilders under the driver's seat, four different style partition walls, diesel-fuelled heater with programmable timer, three different interior trims, and various other add-ons. Your Mercedes-Benz dealer can provide you with a full line of accessories, so you get the most out of every square inch of your work van.

Fleet solutions that mean business.

7.7 L/100 km⁸ fuel efficiency. The lowest Total Cost of Ownership (TCO) of all full-size work vans. There are many reasons why our vans are the ideal solution for businesses requiring a reliable fleet. The bottom line? Our vans protect your bottom line. No other manufacturer offers more versatility or more ownership savings. In fact, the Sprinter was awarded Vincentric's Best Fleet Value award in Canada.¹ From the customizable Sprinter to the mid-size Metris, we have the solutions that work for your business.

Our National Fleet Sales program provides exclusive fleet pricing, nationwide delivery capability, and comprehensive service programs tailored specifically to your fleet requirements. Find more information on our National Fleet program at Mercedes-Benz-Vans.ca/Fleet.

Best Fleet Value in Canada.

Recognized by Vincentric four years
consecutively¹, and counting.

We don't just claim to be the best fleet solution,
we earned it. The Mercedes-Benz Sprinter has
received the **Vincentric™ Best Fleet Value in
Canada award** out of all full-size commercial
vans for four years in a row. With superior fuel
efficiency, the longest routine maintenance
interval, and unmatched retained value out
of all full-size vans, the Sprinter is by far the
hardest-working fleet van you can ask for.

**MASTER
UPFITTER**
2015 | 2016

Built to your standards, and ours.

Mercedes-Benz vans are built to meet the highest standards. It's what you've come to expect from us. And now, it's what you can expect from our growing network of MasterUpfitters. Nothing gives you more flexibility than a Mercedes-Benz van. Every aspect of our vans is designed to provide the ideal foundation so you can customize a workspace that fits your needs. And when combined with the expert craftsmanship of a Mercedes-Benz MasterUpfitter, there simply isn't a more versatile work van on the road. Find a complete list of approved upfitters at UpfitterPortal.ca/Find.

EMISSIONS WARRANTY

- 8-YEAR/130,000-KILOMETERE
- Emissions coverage for 8 years or 130,000 kilometres, whichever comes first.

Keep it moving.

Put one of our vans to work, and we'll help make sure it stays there. Our Mercedes-Benz-trained technicians will ensure your van is properly serviced and ready to go. With our Prepaid Maintenance program, we help prevent routine scheduled maintenance costs from catching you by surprise. Prepaying these costs locks them in, so as prices rise, your maintenance budget won't have to. And to make sure your van stays busy, we've backed it with some of the most comprehensive warranties in the business, including our Extended Limited Warranty.

Finance solutions that fit.

We make the hardest-working vans on the road. So it's no surprise that the professionals at Mercedes-Benz Financial Services work just as hard to find the right finance solution for you. Whether you're looking to lease or purchase, we offer a variety of products and solutions with flexible terms and competitive rates tailored to your business.

Mercedes-Benz Financial Services

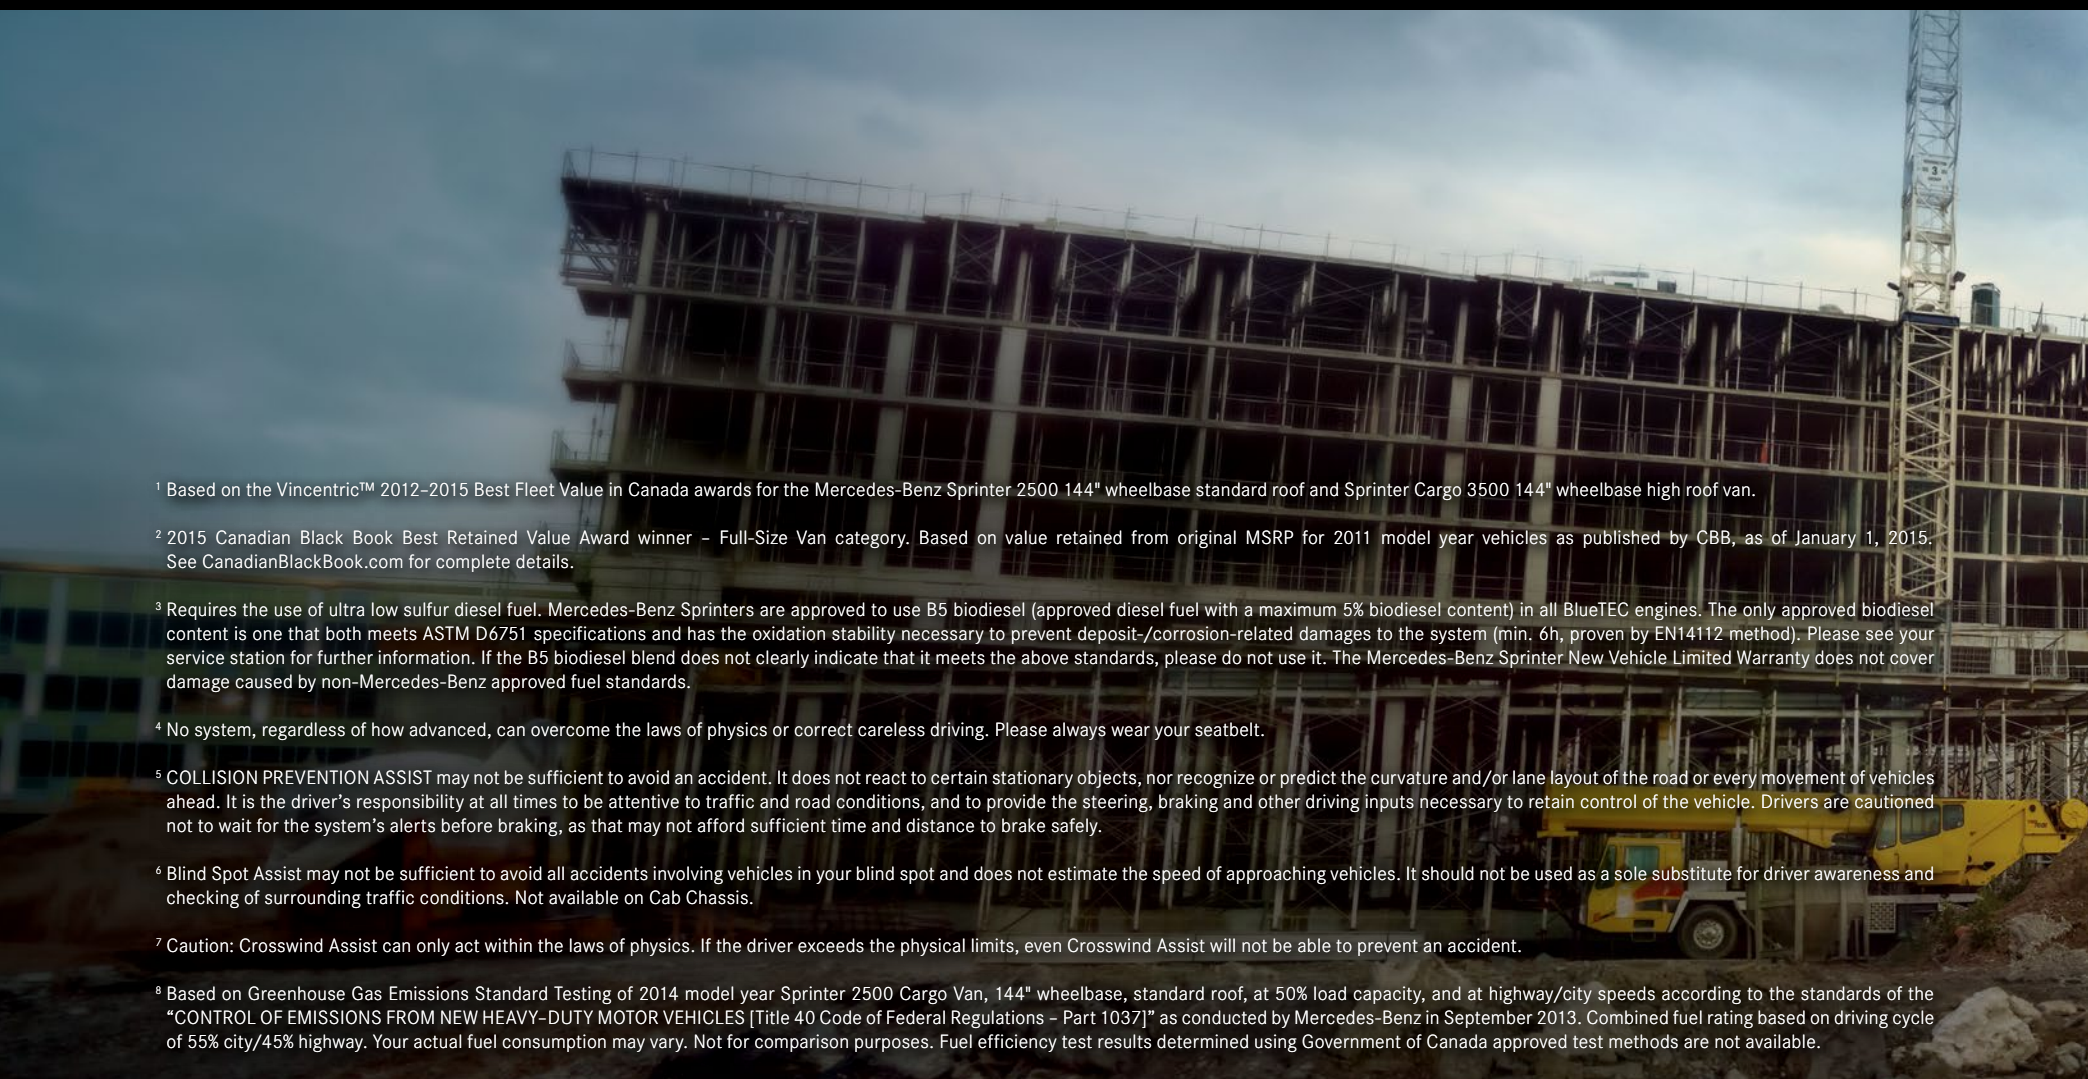

Innovation doesn't stop here.

Since we began, we've been leading the way. And there's no chance we're stopping now. We continue to put our heritage, engineering, and hard work into everything we do and every van we make. All to ensure we provide the ultimate work van for your needs. From the haul-it-all Sprinter, to the agile Metris, you can be sure you're working with the best. Experience it for yourself. Stop by an authorized Mercedes-Benz dealership today.

Mercedes-Benz
Vans. Born to run.

¹ Based on the Vincentric™ 2012–2015 Best Fleet Value in Canada awards for the Mercedes-Benz Sprinter 2500 144" wheelbase standard roof and Sprinter Cargo 3500 144" wheelbase high roof van.

² 2015 Canadian Black Book Best Retained Value Award winner – Full-Size Van category. Based on value retained from original MSRP for 2011 model year vehicles as published by CBB, as of January 1, 2015. See CanadianBlackBook.com for complete details.

³ Requires the use of ultra low sulfur diesel fuel. Mercedes-Benz Sprinters are approved to use B5 biodiesel (approved diesel fuel with a maximum 5% biodiesel content) in all BlueTEC engines. The only approved biodiesel content is one that both meets ASTM D6751 specifications and has the oxidation stability necessary to prevent deposit-/corrosion-related damages to the system (min. 6h, proven by EN14112 method). Please see your service station for further information. If the B5 biodiesel blend does not clearly indicate that it meets the above standards, please do not use it. The Mercedes-Benz Sprinter New Vehicle Limited Warranty does not cover damage caused by non-Mercedes-Benz approved fuel standards.

⁴ No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seatbelt.

⁵ COLLISION PREVENTION ASSIST may not be sufficient to avoid an accident. It does not react to certain stationary objects, nor recognize or predict the curvature and/or lane layout of the road or every movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely.

⁶ Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It should not be used as a sole substitute for driver awareness and checking of surrounding traffic conditions. Not available on Cab Chassis.

⁷ Caution: Crosswind Assist can only act within the laws of physics. If the driver exceeds the physical limits, even Crosswind Assist will not be able to prevent an accident.

⁸ Based on Greenhouse Gas Emissions Standard Testing of 2014 model year Sprinter 2500 Cargo Van, 144" wheelbase, standard roof, at 50% load capacity, and at highway/city speeds according to the standards of the "CONTROL OF EMISSIONS FROM NEW HEAVY-DUTY MOTOR VEHICLES [Title 40 Code of Federal Regulations - Part 1037]" as conducted by Mercedes-Benz in September 2013. Combined fuel rating based on driving cycle of 55% city/45% highway. Your actual fuel consumption may vary. Not for comparison purposes. Fuel efficiency test results determined using Government of Canada approved test methods are not available.
